Introduction to an informative and factual blog post titled "How to Prepare for a Writing Project". Hi, my name is Natalie Shainey and I am a freelance writer with four years of professional experience in the field. I have written for numerous online and print publications including "Writer's Digest". Few things are as stressful as staring down the barrel of a writing project. Whether you're writing a term paper or your first novel, it can be difficult to know where to start. A good first step is gathering together all the information you need for your project. This article is going to go over preparing for a large or major writing project, no matter how daunting it may seem at first. Before you begin searching for articles and resources, know what you want to write about. For me, it was a story about a Golden Retriever. I read several books and took to the Internet in search of any information I could find. Before beginning this research, I came up with an outline of what my project would be about. It consisted of four parts: The Importance of Adopting a Writing Style: <https://www.essayworld.com/blog/is-it-worth-it/...festival.aspx> One way you can tell if your essay style is good is how it reads to an audience. Reading online is easy because readers can see your writing. If it sounds like the writing style is too stiff for them, they will notice. It may be able to pick up some of the changes if they are small, but you don't want to risk losing the audience's interest. You might think that you've established a distinct writing style by now, but it never hurts to give yourself a second opinion every so often. <https://pinterest.com/pin/119098485054389636/> A Guide to Creating Effective Paragraphs: <https://www.>
