Write a brief summary of a blog post titled "phoenix bios editor pro v2 2 1 3.rar". This is a well-designed and easy to use program for editing bios, getting rid of any errors, and adding in custom text for your online profiles. It also includes things like addons that will help you add in animations or addons that will help you format your text to fit perfectly without adding too many words or taking away from the layout.

As of October 1, 2009 Studio Yoda no longer sells this software. Bios-Editor Pro software is distributed by Studio Yoda. It is distributed as a free version of the product but requires an activation to work.
